Only one of the prerequisites above is required

Enter into peak experience and energy from the first day. Many Monroe programs culminate in a pinnacle of energy, insight, and expanded awareness by 4th and 5th days. We have taken powerful exercises from those days and brought them together in this unique new program.

New Insights are discovered and old truths are deepened. We begin by reconnecting with special Gateway Voyage energy with its promise of discovery and change. We then move through the peak exercises of four more programs over the next four days, each day building upon the one before, to create a crescendo of expanding consciousness.

Experience deeper exploration and connection with Inner Self. Improve manifestation abilities by expanding the flow of transformative heart energy. Become familiar with the afterlife state(s) to deepen the connection with loved ones who have transitioned.
